Dear Governor,

I am proud to submit to you this copy of the Department of Veterans Assistance’s 2014 Annual Report.

The report summarizes the efforts of the department in which they focus on their commitment to our veterans and their families. Also, the report gives a clear picture of the services provided and the strong results because of those services.

Although faced with a number of challenges today, we believe that Veterans Assistance has shown great discipline in maintaining costs, therefore positioning itself for an incredible future in providing services to our veterans.

Under the leadership of Secretary Rick Thompson, Veterans Assistance has made great strides and become more productive in its services to the veteran community.

The Council is excited about the direction that the Department of Veterans Assistance has taken to provide the assistance needed by our veterans.

On behalf of the Veterans Council, I would like to thank you for your continued support of West Virginia's veterans.

Sincerely,

Randall L. Bare
Chairman
As Secretary of the West Virginia Department of Veterans Assistance (WVDVA), I am proud of the many accomplishments made by and for veterans throughout the state during fiscal year 2014. I am especially pleased by those accomplishments that have come as a result of the hard work and commitment put forth by WVDVA employees.

We experienced many successes this year. The momentum stemming from my Listening Tour, launched when I first became Secretary as an effort to learn the concerns and ideas of West Virginia’s veteran community, continued throughout the fall and winter months and into the 2014 regular legislative session. Most of our agenda passed, including a bill that ensured we are recognized as a Department rather than a Division and that also established the Volunteer Van Driver Program as a grant program. This eliminated unnecessary confusion created by the previous model in which the Disabled American Veterans operated the program while our department administered the funds.

The legislature also passed a bill that allowed the Commissioner of Agriculture to transfer to the WVDVA property that would accommodate a second veterans nursing facility in the Southern part of the state. A planning committee for this effort has been created and we continue to focus on furthering that project.

In addition to these legislative victories, our facilities and programs saw improvements. The West Virginia Veterans Home, for example, successfully launched Project 214, a one-of-a-kind initiative designed to assist veterans in immediate need of shelter. Applicants for Project 214 can be admitted to the Home almost immediately, whereas normal admissions procedures can require a wait of up to sixty days.

Additionally, the West Virginia Veterans Nursing Facility received its second consecutive deficiency free annual survey from the federal VA and the Donel C. Kinnard Memorial State Veterans Cemetery dedicated the nation’s first Gold Star Families Memorial. Several other monuments are currently being developed along the cemetery’s Memorial Walkway which was featured on the department’s recently launched television show, “Serving Those Who Served.” The show attempts to raise awareness of issues affecting veterans in West Virginia and to highlight opportunities for our state’s military families.

It’s been a busy year for the WVDVA and I look forward to meeting the challenges and embracing the opportunities we are sure to meet in FY 2015.

- Rick Thompson

If an eligible veteran is not available or cannot be selected, a veteran who is a citizen and resident of this state, who served in and was honorably discharged or separated under honorable conditions from the Armed Forces of the United States and who served during any time of war or peace may be selected. The secretary and such officers, assistants and employees as the secretary considers advisable, shall administer the West Virginia Department of Veterans Assistance.

It is the duty and function of the Veterans’ Council to advise the secretary on the general administrative policies of the department, to select, at their first meeting in each fiscal year commencing on July 1, a chairperson to serve one year, to advise the secretary on rules as may be necessary, to advise the Governor and the Legislature with respect to legislation affecting the interests of veterans, their widows, widowers, dependents and orphans and to make annual reports to the Governor respecting the service of the department. SECRETARY’S REPORT:

Nursing Wages

- Secretary Thompson explained that he is attempting to obtain an exception to the salary increase freeze for registered nurses, LPNs and health service workers at the West Virginia Veterans Nursing Facility. At the current rate, the facility cannot compete with private sector and/or federal pay rates.

Question from Audience

- “How large is the waiting list for the Nursing Home, and do you have beds for all of those?”
- Secretary Thompson responded that it is a 120-bed facility and that in order to fill every bed, staffing levels must be able to support the needs of 120 residents. He went on to say that they have been adding 2-3 residents per week and the goal is to be at 100% capacity soon.

OLD BUSINESS

Monument to Honor Underage Veterans

- Chairman Bare initiated discussion that had been tabled at the previous meeting regarding the underage veterans monument. Debate followed about whether verbiage explaining the meaning of the monument should be inscribed directly on it or if pamphlets should be used to inform the public of its meaning.
- Mr. Epling made the motion to emplace the monument for the time being and work on the wording afterward. Mr. DeCarlo seconded.
Mr. McCormick voiced concerns shared with him by retired Colonel Ralph Kelly that the monument seems to encourage lying to enter the service.

Chairman Bare moved forward with the voting on the motion and the motion carried.

INTRODUCTION OF GUEST SPEAKERS

Carolyn Stuart, Executive Director of the Herbert Henderson Office of Minority Affairs

Ms. Stuart briefly requested that the Committee consider forming a sub-committee of Minority Affairs so that all veterans feel that they are completely included and have a voice.

Nikki Orcutt, Marketing Director, WV Lottery Commission

Ms. Orcutt discussed the matter of generating revenue via the Veteran’s Cash scratch-off lottery tickets.
She explained that revenue was declining over the past fiscal year and the plan to remedy the situation was to start a new $2.00 ticket to be sold at all licensed lottery retail locations.
She went on to state that as of recently with this new plan implemented, they have already seen better numbers than compared to the first 8 months of the last fiscal year.
She also informed the council that the commission also signed off on an advertising buy for $125,000.

Shawn McClain, Management Analyst, VA Regional Office

Provided an update on number of backlog cases.
Down to 1,400 with the goal of having zero by the end of the month.
Progress becoming very promising: 5,500 claims in electronic format in Huntington claims office and 56% of inventory in electronic binding.

Chairman Bare introduced new member, James McCormick to the council

Mr. McCormick touched on several topics including:
Hunting and Fishing License Regulation
Compatibility of homeless veterans in certain homeless shelters
Full support of the Van Driver Program becoming a grant program
Alleviating confusion between State and Federal veteran programs

COMMENTS FROM AUDIENCE

Meg Cianfrocca (Rockefeller)

Made announcement that Senator Rockefeller will be attending possibly his last Take a Veteran to School Event on November 3rd at Parkersburg High School at 1:00 PM.
Jared Towner, Chairman, WV Veterans Coalition
- Question regarding the progress of the Veterans Courts around the state and how we could further assist veterans whose problems could be stemming from events that took place during their service.
- Secretary Thompson stated that before any expansion can be made that the WV Supreme Court would have to approve it.
- Mr. Epling stated that as a County Commissioner, the court systems are already depleted of money and adding another court to the system would not be financially possible.
- Mr. Thompson stated again that it should be brought to the attention of the Supreme Court because it is within their financial means.

Larry McNealy, ESGR Employment Specialist
- Mr. McNealy reminded the council of his organization Employee Support of Guard and Reserve, which helps find jobs for Guardsman, Reservists and Veterans

Skip Gebhart, Higher Ed
- Informed the council that almost all state schools have a designated veterans advocate (contact point for veterans).
- Also signed a Memorandum of Understanding between Higher Ed Policy Commission, WVDVA and Council for Community and Technical College Education with a goal of improving outreach to WV students who are eligible for GI Bill Benefits.

The WVDVA operates the following programs

War Orphans Education Program: Provides for a waiver of tuition and registration fees in a state supported college or university for individuals between the ages of sixteen and twenty-five, whose veteran parent served in World War I, World War II, Korean Conflict, Vietnam Era or any time of conflict as declared by Congress. Parent must have died in such wartime period, or, if subsequent to discharge, death must have been the result of a disability incurred in such wartime service.

Operation Recognition-Diploma: Provides for the awarding of high school diplomas, either from the county in which the veteran resides or the county in which the veteran would have received his or her diploma. Program serves qualifying veterans of World War I, World War II, Korean Conflict, and Vietnam Conflict.

Veteran's Bonus: The state of West Virginia has provided a bonus to all service members who are on active duty during war-time for conflicts dating back as far as World War I. The current bonus is available for those serving on active duty during Afghanistan, Iraq and Kosovo, and includes a one-time payment of $400 with an additional $200 for those deployed to the combat zone. Please note that even individuals who deploy multiple times or to multiple locations may still receive the extra $200 payment only once under this bonus program, for a total of no more than $600. The deadlines to apply for bonuses of all other conflicts have expired.

Veteran's Re-Education Act Fund: The West Virginia Legislature provides tuition assistance to those veterans who need a new vocation due to dislocation or unemployment. Veteran must have exhausted the G. I. Bill in order to qualify.

Jack Bennett Fund: Although the US Department of Veterans Affairs provides grave-markers for qualifying deceased veterans, they do not provide funding for the installation of those markers. West Virginia established the Jack Bennett Fund to cover the cost of installation.

The WVDVA aids other WV agencies in operating the following programs

License-Automobile: Provides special vehicle license plates without fee to qualifying veterans in receipt of a VA auto grant or who are permanently and totally disabled due to service-connected causes. Plates include a former POW Tag as certified by the US Department of Veterans Affairs, Purple Heart Tags for those wounded in action, and Pearl Harbor Survivor Tags for West Virginia veterans who were at Pearl Harbor during the attack on December 7, 1941.

Free Hunting and Fishing Privileges: Provided to veterans with a 100% permanent and total service-connected disability and to veterans in receipt of a VA auto grant.
**Serving Those Who Served**

In January, 2014, the West Virginia Department of Veterans Assistance teamed up with the West Virginia Library Commission and launched a TV show titled, “Serving Those Who Served.” The show is aimed at veterans and their family members and its goal is to raise awareness of the benefits and opportunities available to them. Additionally, the show raises awareness among the general population of issues facing West Virginia’s veteran community.

Billy Wayne Bailey, Deputy Secretary of the WVDVA, is the show’s host and on each episode he interviews a different guest. Some of these guests are employed by other West Virginia state agencies that are providing assistance to veterans while others are representatives of private and nonprofit organizations. Essentially, if an individual or a group is having a positive impact on the lives of veterans, we want them on our show.

“Serving Those Who Served” airs on various public broadcasting channels throughout the state and can also be viewed online at http://www.librarycommission.wv.gov/programs/ltn/videoserver/Pages/servingthosewhoserved.aspx.

**Warriors to Agriculture**

The Warriors to Agriculture Program was born as a partnership between the WVDVA and the West Virginia Department of Agriculture with the goal of helping veterans become farmers.

Warriors to Agriculture focuses on small diversified farming practices, rather than large mono-crop systems and currently has 117 participants. Right now the benefits associated with the program are mostly in the form of training and support. For example, participants receive assistance with completing business plans and state and federal grant applications. They also have access to a variety of publications and classes ranging from bee-keeping to herbal farming.

According to some veterans, though, the benefits far exceed those listed here. Some have been able to supplement their income while others find value in the therapeutic components of working the land and belonging to a community of veteran farmers.

Veterans who are interested in the program are encouraged to visit www.wvagriculture.org for more information.
